

Epson EB-4750W

DATASHEET

The EB-4750W is a WXGA installation projector that offers bright, high-definition images, and high-end, easy-to-use features. Epson's 3LCD projector technology, and an equally high White and Colour Light Output of 4,200 lumens, ensure your important presentations are displayed with vivid, realistic colours that can be shown in a variety of ambient light levels.

The EB-4750W boasts high definition picture quality and a 5,000:1 contrast ratio. This helps showcase your important presentations in the best possible way.

Thanks to a variety of user-friendly installation features, this projector is easy to set up and use. Its x2.0 wide zoom ratio, as well as keystone correction, and arc and point correction, make it quick and easy to set up in a variety of positions without picture blurring or distortion.

With the HDMI input and Display Port, you can connect a variety of high definition devices to project your content effortlessly. In addition, the lamp and filter are easy to replace, helping to keep maintenance straightforward and ensuring your projections are as bright and clear as possible.

While presenting, the side-by-side split screen function lets you present from two different sources, such as a separate laptop, for much more in-depth and impressive presentations.

KEY FEATURES

- 4,200lm White and Colour Light Output
- WXGA resolution
- 3LCD technology
- 5,000:1 contrast ratio
- Connect to different sources
