

# Epson EB-G6800

## DATASHEET

The Epson EB-G6800 professional installation projector is ideal for rental markets and digital signage. Important presentations are delivered with rich, vivid colours - even in daylight. This is thanks to Epson's 3LCD technology, delivering an equally high White and Colour Light Output of 7,000 lumens, and an XGA resolution.

The Epson EB-G6800 boasts superb picture quality, ensuring the best possible delivery of presentations. The Colour Uniformity function compensates for unequal colour distribution by adjusting the intensity of RGB on individual areas of the screen.

New and innovative presenting features include 'curved surface' and 'corner wall' correction for image projection onto uneven surface areas without distortion. The projector can also be rotated vertically by 360 degrees allowing image movement around the room.

Set-up and installation is simple and straightforward. User-friendly features include pixel alignment for setting up a clear and correctly aligned picture. Edge-blending enables the projection of a large, widescreen image from a number of projectors working together seamlessly. In addition, a powerful zoom lens, as well as manual vertical keystone correction and centred lens, make it easy to set-up in various positions without blurring or distortion.

With the HDMI input, you have the flexibility to connect high definition devices, ensuring this projector is compatible with more input sources. You can also connect up to five different devices through a 100m cable with the HD-BaseT input.

For simpler integration with existing equipment, this model is also compatible with the Epson EB-G5 series lenses<sup>1</sup>.

## KEY FEATURES

- 7,000lm White and Colour Light Output
- XGA screen resolution
- 3LCD technology for richer colours
- Project onto curves or into corners
- 360° vertical rotation of projection

EXCEED YOUR VISION

## PRODUCT SPECIFICATIONS

### TECHNOLOGY

Projection System	3LCD Technology, RGB liquid crystal shutter
LCD Panel	0.79 inch with C2 Fine

### IMAGE

Color Light Output	7,000 lumen - 4,900 lumen (economy)
White Light Output	7,000 lumen - 4,900 lumen (economy)
Resolution	XGA, 1024 x 768, 4:3
Contrast Ratio	5,000 : 1
Lamp	380 W, 2,000 h durability, 4,000 h durability (economy mode)
Keystone Correction	Manual vertical: $\pm 30^\circ$ , Manual horizontal $\pm 30^\circ$

### OPTICAL

Projection Ratio	1.29 - 2.35:1
Zoom	Manual, Factor: 1, 1.8
Projection Size	50 inches - 300 inches
Projection Distance Wide	1.3 m - 8 m (50 inch screen)
Projection Distance Tele	2.4 m - 14.5 m (50 inch screen)
Projection Lens F Number	1.65 - 2.55
Focal Distance	21.28 mm - 37.94 mm
Focus	Manual

### CONNECTIVITY

Interfaces	RS-232C, Ethernet interface (100 Base-TX / 10 Base-T), VGA in, HDMI in, Display Port, Composite in, BNC in, S-Video in, RGB out, HDBaseT, Stereo mini jack audio out, Stereo mini jack audio in (4x), Cinch audio in
------------	--

### ADVANCED FEATURES

Security	Kensington lock, Security bar
Features	Instant on/off, Network administration, Quick Corner
Video Color Modes	Photo, Presentation, Sports, sRGB, Theatre, DICOM SIM

### GENERAL

Energy Use	542 W, 405 W (economy), 0.41 W (standby)
Product dimensions	4,055 x 505 x 171 (Width x Depth x Height)
Product weight	9.6 kg
Noise Level	Normal: 39 dB (A) - Economy: 31 dB (A)
Included Software	EasyMP Monitor

### OTHER

Warranty	36 months Carry in or 15,000 h, Lamp: 36 months or 3,000 h
----------	--
