

UNICOL[®]

Simplex[™]

Video Wall System

Video Walls Simplified

- * Ideal for screens 40" to 55" (screens up to 35Kg)
- * Safe screw adjustment system for screen height set-up
- * Rapid dismantling / reassembly for storage or transportation
- * Height options easily achieved by changing column uprights
- * Individual screen adjustment – all directions and in all planes
- * Bases include bolt down facility for use whenever required

These video wall units, based upon our latest Screen Rail system and utilising our well proven Unicol column structures are quick and easy to assemble yet robust and reliable in use.

Initial screen set-up is made all the easier by a neat screw jack system. Once set the structure can be part dismantled for relocation / speedy reassembly whenever required.

Call us for technical advice - Please state make & model of screens

Order Code

- SIM1** 3 x 3 - typical 46"
